

Bringing bright ideas to light.

LED & Fiberoptics Headlights & Lightsources

MC3 / (ONYX)

Clinical LED Headlight System

Total freedom. When we say cordless - we mean no cords at all. No fibre optic cable back to a light source, no cord to a wall power supply but also no cord to a battery belt pack.

Air Strap
Headband (ST)

Hard Top
Headband (HT)

Small in Size,
Big on Benefits

Shown in optional ratchet top style headband, (HT)

Tight beam control ranging from pinpoint spot to 4" diameter with sharp cut-off at the field edges make this a great clinical and small procedure asset.

Bringing bright ideas to light.

C6.5 - 7 hours with 2
batteries (Infinite with
hot-swap)

Comfortable
11oz total weight
(312g)

Digital Dimming
Continuously adjustable
from 0-100%

**Adjustable
Spot Size**
4cm-8cm
(1.5"-3")

**High
Intensity**
100,000 Lux,
adjustable
spot size 0.4"
(1 cm) to 4"
(10cm)

Quiet-Cool™

Quiet-Cool™ heat
dispensing technology
reduces LED temperature
and bezel size, allowing
the MC3™ to stay cool and
sleek.

Battery

Dual Lithium Polymer
battery packs provide
constant steady brightness
and longevity to the
headlight operation while
maintaining Hot-Swap™
capabilities.

Charging

The MC3™'s onboard unit
charger gives you the
versatility of on-board
charging with the USB
power supply or choose
the optional 4-port
Desktop charging station
and some extra batteries
to be assured of 'always
ready' performance.

Headlight Module

A two-pivot arm design
allows the headlight
module to be easily
positioned for optimal
working position and
beam angle.

Secure Carrying Case

Charger Unit & Batteries

Four-Bay Desktop Charger
